

MODX Revolution

For the MODX Revolution payment plugin to function, the miniShop2 component must be installed on MODX Revolution. Plugin compatibility was tested on MODX Revolution version 2.x.

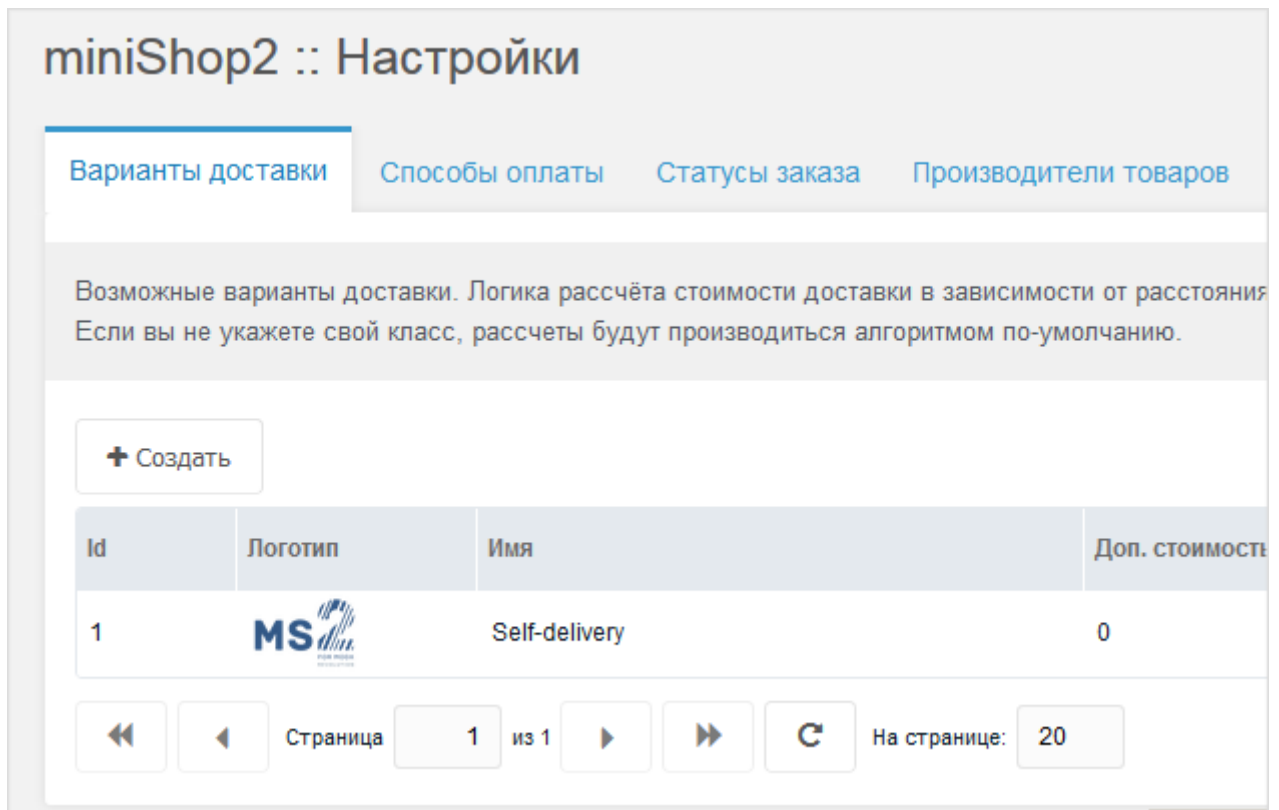

[Download plugin for MODX Revolution](#)

To install and configure the plugin for MODX Revolution, follow these steps.

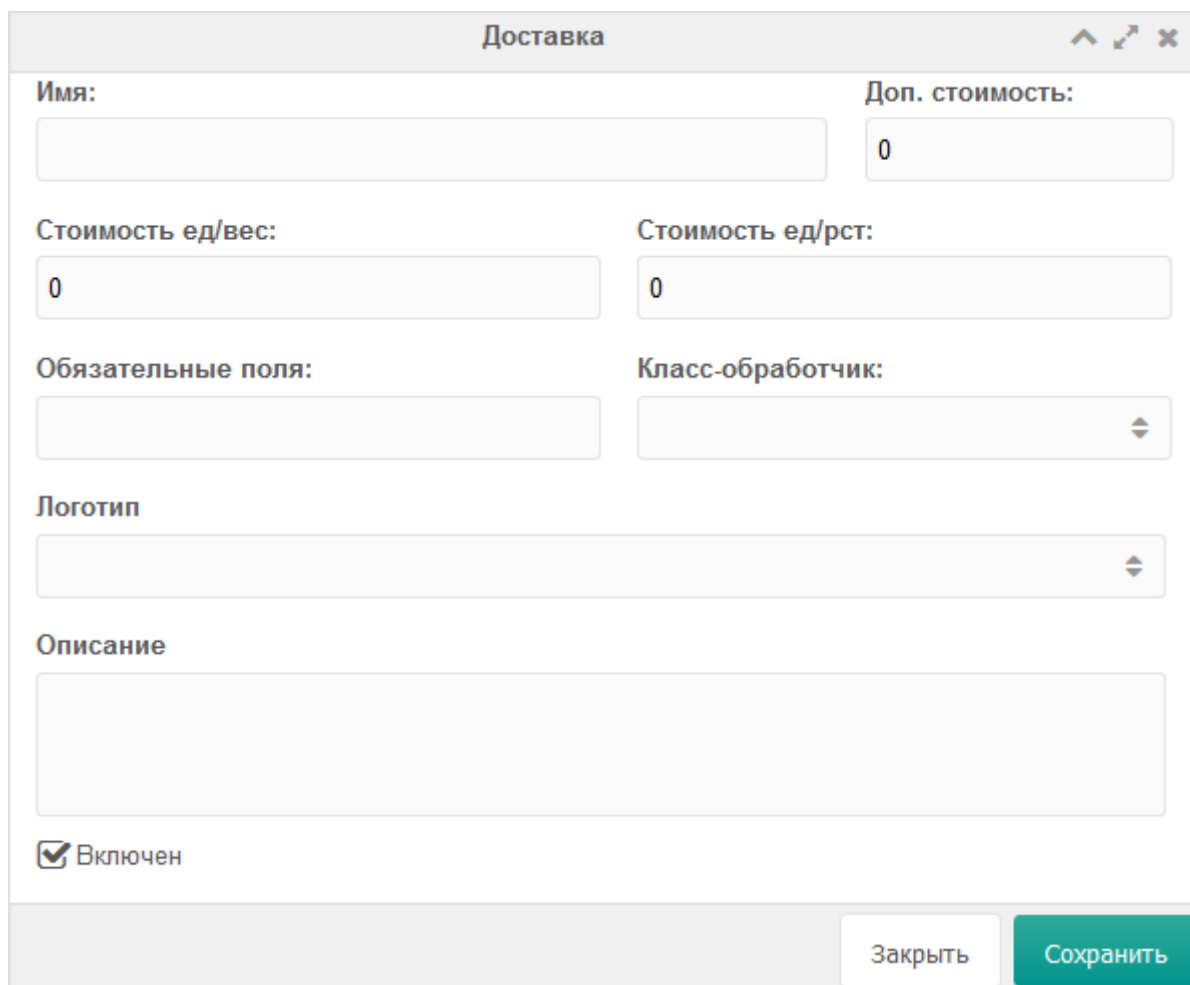

1. Unpack the plugin archive.
2. Copy the contents of the upload folder to the root of the modx CMS (**Note:** not the upload folder itself, but it's content).
3. In the MODX Revolution dashboard, select **Extras> miniShop2> Settings** (see image below).

The following page will be displayed.

- Click on the **Create** button.
The following window will appear.

- In the fields **Name** and **Handler class**, enter **RBS**.
- Fill in the rest of the fields, and then click on the **Save** button.
- Edit the file `config.rbs.php` from the plugin archive (see the table below).

Configuration	Description
