2. Fill in the required fields.
Below is an example of filling in the registration fields.

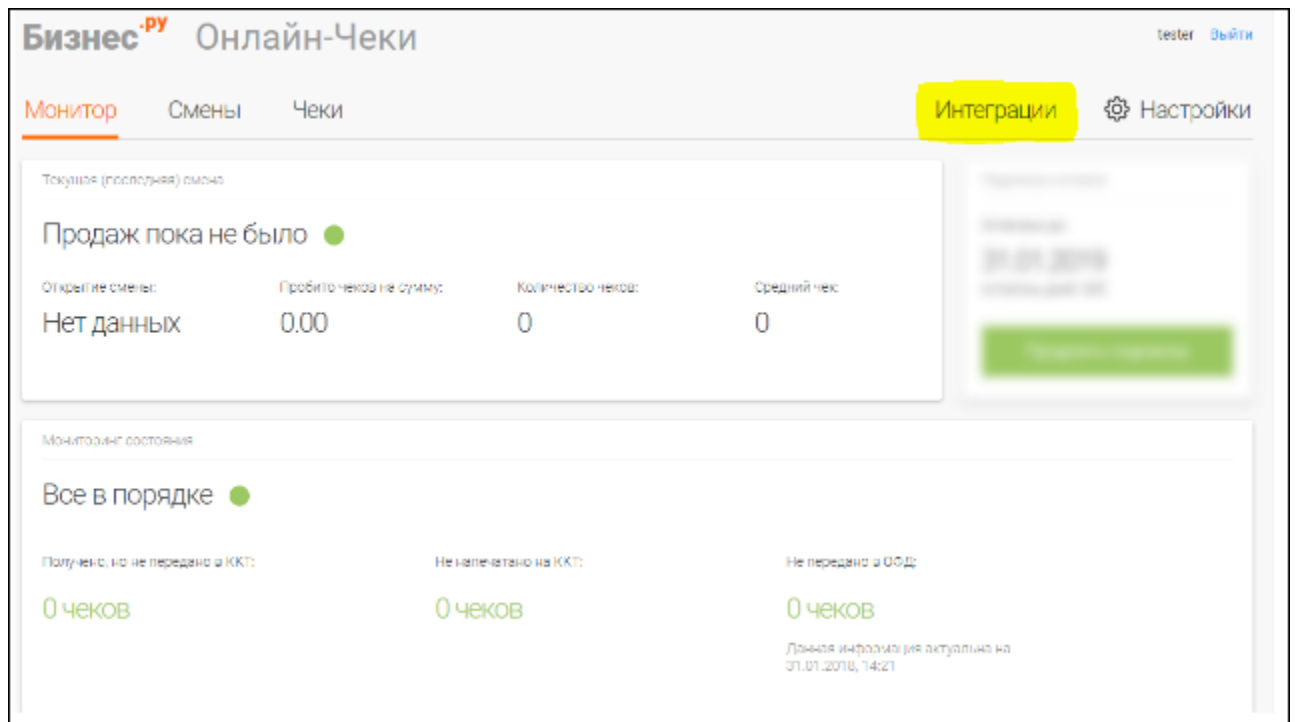

3. Click on **Proceed**.

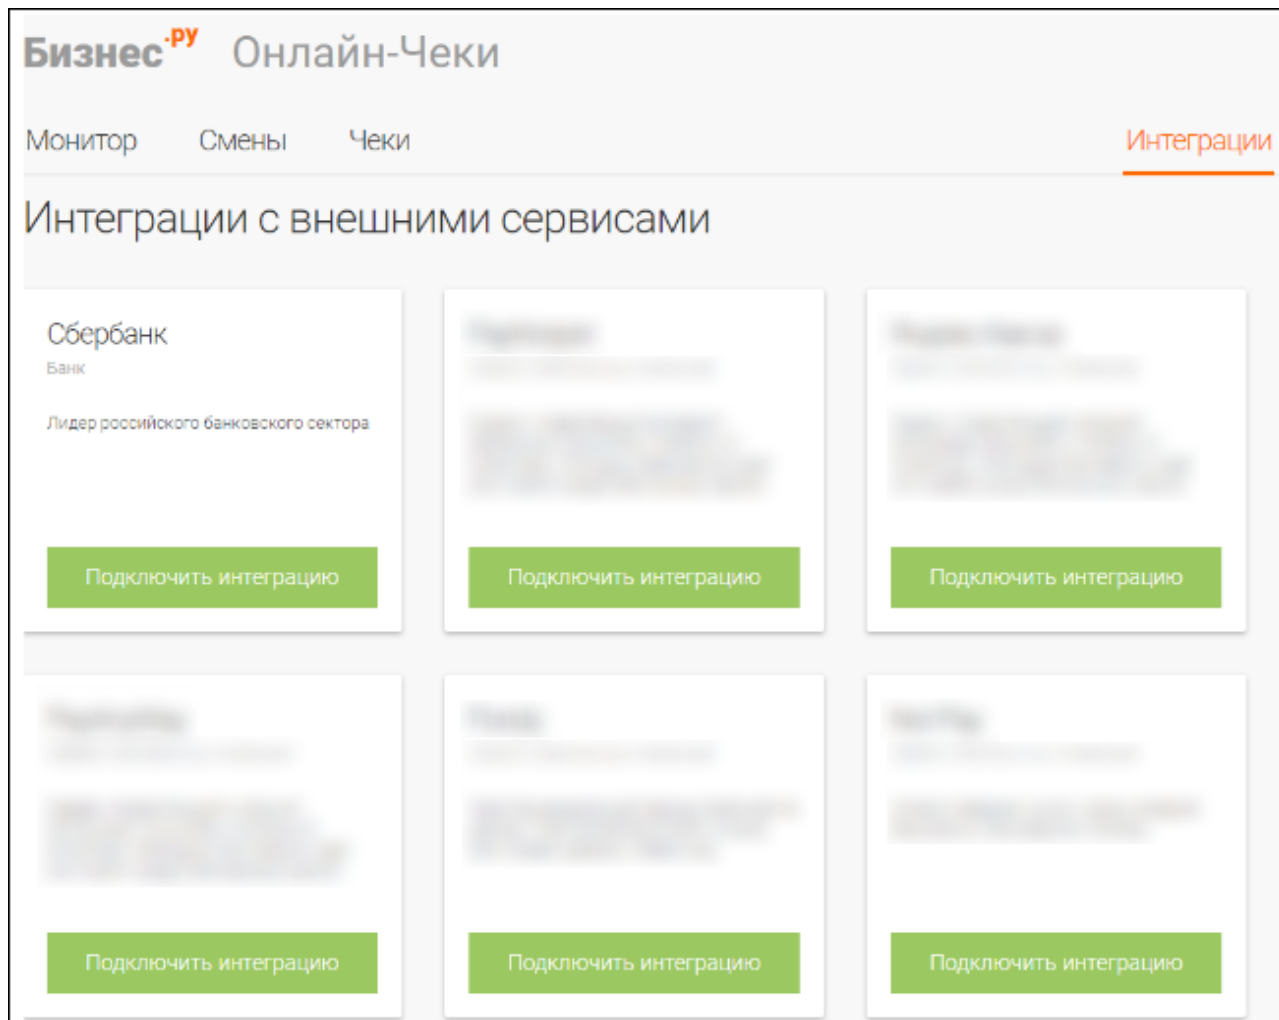

Setting up integration with payment gateway

To set up integration with a payment gateway, follow these steps.

1. Log in to your Business.Ru account at <https://sberbank.business.ru/login>.
The page will look like this.

2. Go to **Integrations** section.
The page will look as follows.

- Find the «Sberbank» section in the list and click on the button **Enable integration** in this section.

Following window will be displayed.

- Set a password that will be used in the fiscalization settings of the Sberbank payment gateway.
- Click **Save**.

After completing this procedure, configure [the connection](#) in the personal account of the payment gateway.
