

"Digital cash register" from Evotor

Online fiscalization for Sberbank acquiring clients.

Fiscalize any online payments in the cloud:

1. Be sure: all checks will go on time, we will warn you about the end of the FN resource in advance.
2. Do not overpay for OFD – it is included in the tariff.
3. Register a cash register quickly and without filling out huge forms.
4. Follow the work of the cloud cash register and receipts in your personal account.
5. Contact support at any time of the day.

Additional benefits of online fiscalization from Evotor

1. We take over the registration of the cash register and all related services and services:
 - we help with the registration of the QES;
 - we help with the registration of the cash register with the Federal Tax Service and set up fiscalization;
 - we connect the OFD;
 - we provide services for the replacement of the PV after the expiration of the service life and the urgent replacement of the POS equipment in the event of a malfunction.
2. We make the initial connection with minimal client involvement.
3. We undertake all expenses for service and maintenance of the KKT.

The solution is designed to automate the process of fiscalizing checks when using [Internet acquiring of Sberbank](#) and allows you to use the «Digital Cash Register» from Evotor to generate receipts.
